

All the blues you brought to me
(Ignasi Terraza)

I felt so lonely when you let me down
I feel so lonely since you are not around
I waited for you at Christmas
But all you brought me was the Blues

I felt so deep in Misery
Thinking about where you could be
I waited for you at Christmas
and all you brought me was the blues.

B:
I sing to you my carol blues
And I feel so good.
Everything begins to change
And I forget my pain

Now I have a hit on the radio
making lot of Money and a brand new show
Thank you dear For this Christmas blues
for all the blues you brought to me.

I sing to you my carol blues,
And I feel so good.
Everything begins to change,
And I forget my pain.

Now I have a hit on the radio,
making a lot of money and a brand new show.
Thank you, dear, for this Christmas blues,
And all the blues you brought to me.

For all the blues you brought to me.
