

**Waltzing Around the Christmas Tree**  
**(Ignasi Terraza)**

I wanna be waltzing with you  
Around the Christmas tree,

Laughing, drinking, swirling around,  
Just you alone with me,

Nothing to ponder,  
Nothing to worry over.

Kissing the way we used to  
under the magic tree.

All those goodies,  
All that glitter,  
For us all those dreams are waiting

When we stop waltzing around  
Around the Christmas tree.
